# GLOW

**Dear customers, dear friends,,**

two difficult years lie behind us. Hotel and restaurant lockdowns around the world have not made everyday business easy for any of us.

But we believe that the situation will ease worldwide in 2022 and that people will enjoy travel, culinary delights and company again.

So we look into the future positively and I am pleased, after a one-year break, to present to you the new Zieher main catalogue 2022.

We were using the calm times last year for new developments and present proudly - among others - our new buffet system "Glow".

With "Glow" you can stage your products as a radiant centrepiece. But you will also find proven design and quality products in the catalogue, valued by top restaurants and hotels from all over the world.

We hope you enjoy browsing and look forward to a joint successful new year.

**Yours sincerely**

Dominik Zieher

# Excellence since 1986 - Exclusive design since 2006

In the year 2006 we designed the first items ourselves and placed them on the market.  
Since that time developing and implementing exclusive design objects has been our calling.  
On this page we show a couple of the most important creations of the past years.

Design, innovation and quality are our mission!

## The Zieher Design History

The timeline features a central map of Europe and a horizontal axis with years from 2006 to 2020. Key design milestones are highlighted in boxes:

- 2006:** A tall, slender wooden serving stand with a circular base.
- 2009:** A white ceramic bowl filled with fresh fruit and vegetables.
- 2011:** A wooden serving tray with compartments for bread and small appetizers.
- 2013:** A glass dessert dish with fresh fruit and cream.
- 2014:** A set of three modern, illuminated metal serving stands.
- 2015:** A large, shallow metal serving bowl on a tripod stand, filled with ice and drinks.
- 2017:** A large, tiered black serving stand with multiple levels for food.
- 2019:** A set of elegant wine glasses and a decorative decanter.

Other designs shown include various appetizer trays, small cakes, and glassware sets.

# Room service Guest rooms

# "Solid"

## The tray stand of the series "Solid" convinces in every aspect!

The shapely stand always provides the appropriate possibility to set up the "Solid" room service tray (item 4735) in the hotel room, but also in the restaurant. Combined with Zieher buffet platters in the format 2/1 GN, the stand easily and flexibly creates new spaces at a comfortable height. It is predestined for the use at the buffet as well as for the use during coffee breaks in the congress and convention business. The massive frame made of walnut wood harmonises perfectly with other buffet items of the series (pages 112 to 125) and can be combined with them very well. Anti-slip rubber feet on the top prevent the shifting of platters and trays, felt gliders at the base protect the parquet flooring and ensure safe standing.

More items of the series "Solid" for the buffet are available on pages 112 to 125

## Breakfast in bed – Inroom dining!

The room service tray as well as the "Solid" bed tray stand out due to the precious walnut, which is incorporated into these products with high-quality craftsmanship. The recessed longside enables comfortable dining directly off the tray. The retractable feet of the bed tray have been constructed in a very stable way and are securely kept in position by integrated magnets when folded in. The height of the erected tray has been chosen in a way that, even with soft mattresses, a comfortable seating beneath the tray is guaranteed. So start off the day with a boundlessly relaxing breakfast in bed!

The recessed longside of the room service tray simplifies comfortable dining directly off the tray.

## Bedded on glass

This variant of the "Donna" pillow is made of frosted glass and despite its hard and massive raw material, it surprises by its pleasantly soft and velvety feel.

The organic shape of this extraordinary piece offers an ideal presentation area for extravagantly staged intermediate courses or serves as a fancy place to keep all sorts of small objects of everyday life. Even when used as a soap dish, the pillow cuts a good figure. A version made of porcelain is available on page 155.

## Bedded on wood

Made of solid wood, milled with dedication and refined with high quality oils! This sculpture of solid walnut, one of the finest varieties of wood, has its own appearance. The sealing with oils emphasises the striking grain of the wood and gives the surface a silk-matt gloss as well as amazing haptics.

One just has to touch the softly curved forms of this hand charmer. Whether used as a fruit bowl, as a place to keep accessories or as sculptural decoration - "Donna" seduces in every material!

# "Podia"

The fruit bowl "Sixth Sense" item 2171.02 is available on page 89.

Please note: by reason of manufacturing, deviations from the declared measurements of the bridges may occur!

## In-Room Dining

The buffet bridges and trays of the "Podia" series offer several advantages! They are light but robust, flexibly usable and can be stored in a space-saving way. With its use as a display on the buffet, during coffee break or as a platter for fruit or little somethings in the hotel room - "Podia" offers multiple possibilities for use and flexible handling. The tray in 1/2 GN format is especially suitable for different miniatures made of porcelain and glass. Slide-proof silicone coasters in different styles (page 214) guarantee a good grip during service. All parts of this series consist of form-glued authentic wood veneer. The bridges are available in two types of wood. The light version harmonises very well with mundane but also with rustic-style furnishing, the version with the black-brown stripes appears exotic and modern.

# 35 years of ZIEHER – a story of success from 1986 to 2021

## Starting years as trading company

1986 – 1996

In 1986 Manfred Zieher and his wife Christa founded the company. Traditional gastronomic items were offered under the name MAC and soon also presented in an own catalogue and on shows. In 1994 the company was finally named Zieher.

## Wine and more

Since 2015

The cornerstone for a collection for ambitious wine lovers was laid in 2015 with the "Vision" series. These unique wine glasses have been developed together with sommelier Silvio Nitzsche from Wein | Kultur | Bar Dresden. In 2017 the range has been extended by the extraordinary decanters "Eddy" and "Star" and has been made accessible through specialised retailers also for end users.

## Establishment as gastronomic partner

1997 – 2005

In the second decade, Zieher became established as partner of gastronomy specialised shops. Since 1996 the company is located in Himmelkron, the prominent brand logo was registered in 2004 as a word and figurative mark.

## Focusing and generational change

Since 2020

Zieher is focussing on their skills and positioning themselves more and more as an extravagant design manufacturer for luxury food presentation and wine glasses. The professional range has been tightened and the range for end users has been reduced to the FOR WINE LOVERS range. In 2021 the generational change has been carried out and the company has been handed over to the children Dominik Zieher, Jennifer Hübsch and Oliver Zieher (ltr).

## Zieher today

In 2022 Zieher is present in 5 \* Hotels and top restaurants in more than 90 countries and appreciates the long lasting, often amicable relationship with clients, partners and suppliers. As partners from the very beginning, a very special thanks

to Thomas Dötzer from Dötzer Restauration Bayreuth for his extraordinary culinary expertise and to Photographer Gerd Preiss for the artful composition and the exclusive styling of the Zieher image library.

## Extravagance designed by Zieher

Since 2006

The first Zieher designed products were released in 2006. Individual creations in the luxury segment emerged from the close cooperation with renowned chefs and the inspiration by their artistry. Besides the cooperation with well-known Designers such as Itamar Harari for instance, many products bear the signature of Oliver Zieher. In 2009, "Skyline" - a benchmark for extremely flexible buffet systems - has been developed.
