Food Pans

Bugambilia offers two different standard size tiles (A and B) with 23 different configurations, which will fit the majority of manufactured wells. The insert pieces shown with the tiles may be similar to our standard pieces, but have been engineered specifically to fit the tiles as shown.

Please note that there are many different well manufacturers offering a variety of well dimensions. Certain wells might require custom made tiles which are available upon request. Should assistance be required to determine which standard size or custom tiles are best suited, please contact our design department at 1-866-8-Buffer or design@bugambilia.com.

All tiles are available in any of our Classic Collection colors as well as in Stainless Steel.

Please make sure that all measurements are accurate as both Standard and Custom tiles are not returnable.
