

Flatware

La Tavola reflects the passion of Giulio and Sergio Sambonet, brothers and founders who share an unending desire to create art for the table.

With the support of an experienced, expert and equally enthusiastic team, they are proud to present new flatware patterns in stainless steel, silver-plated and titanium and PVD coated finishes.

The patterns of this collection have been designed by La Tavola R&D Team under the supervision of Giulio and Sergio Sambonet.

Those personally designed by them are identified by the trademarks:

Rétro by La Tavola

The newest addition to the La Tavola flatware family is Rétro, the key to designing a tabletop ambiance with a touch of retro style that is warm and inviting for guests.

In addition to stainless steel, Rétro is also available in our three signature titanium and PVD finishes - Gold, Venetian Gold and Platinum Champagne.

● 18 / 10 st. st. (Mirror finish) ● 18 / 10 st. st. (Satin finish)*
*Only the handle is satin finished ● 18 / 10 st. st. (Brush finish)

● 18 / 10 st. st. (Rétro finish) ● Silverplated (Mirror finish) ● Silverplated (Satin finish)

● Black titanium (Mirror finish) ● Venetian gold (Mirror finish) ● Gold (Mirror finish) ● Platinum champagne (Mirror finish)

● Venetian gold (Rétro finish) ● Gold (Rétro finish) ● Platinum champagne (Rétro finish)

Finishings and materials

Made of durable and top-quality stainless steel, the flatware collections designed by La Tavola are naturally crafted for lasting. Creating beautiful pieces of cutlery is an art, and we have been doing it for generations: choosing our flatware means relying on our expertise.

The signature stainless steel flatware collections by La Tavola come in Mirror, Brush and Satin finish: three simple twists that effortlessly add value to each line. To satisfy the search for a sophisticated yet timeless allure, we keep providing customers with classic Silver-plated pieces of cutlery available in Satin finish or plain mirror finish.

Communicate your style and firm personality with the Titanium and PVD coating applied on our flatware lines: Gold for a bold presentation, Black for a detail-oriented style, Venetian Gold for everlasting romance and Platinum Champagne for unprecedented elegance. A touch of uniqueness that won't remain unnoticed.

Our quality Rétro finish is the vintage detail that will turn any room into a cozy place to be: old but gold. A polished European-style cutlery that won't cease to amaze; have them Titanium and PVD coated in Venetian Gold, Platinum Champagne, Gold or classic stainless steel.

Bone China & Porcelain

The exotic flavours and traditions of the East meet the modern presentation of the West to create a single culinary and cultural experience.

Introducing tableware that simultaneously embraces the traditional and the contemporary. Perfect for those who wish to present their own fresh ideas.

A tribute to both style and substance.

BONE CHINA TRANSLUCENT APPEAL

Our bone china is composed up of 45% bone ash, 35% kaolin and 20% feldspar.

The result is a delicate ivory colouring with a unique lightness and transparency, yet it manages to be both beautiful and durable, unusual and traditional.

Buffetware

Wonderbuffet
by **la tavola**

La Tavola's Wonderbuffet® collection is the most complete offering for the modern Hotelier.

La Tavola's products incorporate a keen awareness of ever-changing trends and design styles, whilst making sure to always deliver above operator's expectations in terms of functionality.

Modern Buffetware for the modern Hotelier

La Tavola's items are proudly made in Vercelli, Italy.

The Beauty of HPL

High Pressure Laminate (HPL) is a durable and high-performing material, which is presented in many different stunning finishes

TRAVERTINE	WALNUT	NOIR ABSOLU	CALACATTA	BROWN SHELL
COLONIAL	LIGHT BROWN	ARCTIC WOOD	LAVA STONE	MAGMA

la tavola®

Warm-holding Cold-holding Cooking

Functional solutions for ever-changing needs.

One shared goal: to provide modern hoteliers with an accurate selection of adaptable, performing and qualitatively superior design solutions for their buffets.

■ Magic Chafer

The patented Humidity Control System® makes it ideal for serving any type of food

Combine the
elements
to create a
display setup
that satisfies
your needs.

The adaptable boxes and trays are designed to allow for maximum freedom of movement:
deploy the stand and adjust its legs to create different display combinations and place the
trays and boxes on top or half-hooked.

Come with or without cover, each piece can transform as your service demands do.

Market Elevation System

The Market Elevation System is a simple tool that allows for the creation of a functional and stunning buffet presentation

4 different heights, smoked or clear glass pieces to create junctions, neutral or hot/cold tops to hold any type of food.

The main material used is HPL, a very durable, eco-friendly and hygienic material.

Thatch finish

ORGANIC FINISHES
Made from specially-formulated co-polyester resin housing interlayers of natural and metallic materials.
Extremely resistant to breakage. Scratch resistant.

Silver Flash, Copper Flash and Gold Flash finish

MINERAL FINISHES
The Mineral Risers collection offers a variety of stylish and elegant finishes - discover the stunning combinations.
A collection that is sure to make a statement.

Low-Impact Products

La Tavola’s Organic and Mineral Risers have the added benefit of being made from a specially-formulated co-polyester resin that combines performance with environmental responsibility. Eco-resin incorporates 40% pre-consumer recycled content without compromising aesthetics or overall physical properties, is compatible with one of the largest post-consumer recycling streams, and is GREENGUARD® Indoor Air Quality and Breeam Certified.

Our products bring to life hand-crafted materials from artisans around the world. La Tavola uses beautiful indigenous products customized for the production of the Riser’s panels, encouraging the development of a sustainable market for the artisans and the communities to which they belong.

These materials are encapsulated in the Organic and Mineral Risers, creating modern design aesthetics.

Action Stations

Create a dynamic banqueting experience thanks to La Tavola's crafty designs.

An extensive range of action stations purpose-built to fit even the most challenging banqueting demands: with patented Built-in Modular System, you will be able to switch between any cooking, cooling or warming function with no hassle. Simply remove the top and insert the function according to your service needs.

With more than 10 finishes available for customization to can match your existing interior décor, the action stations by La Tavola are crafted in premium stainless steel and HPL (High Pressure Laminate) for maximum efficiency and durability. Refined Italian designs created to perform under heavy duty usage without compromising on elegance, these action stations are a chef's dream when it comes to efficiently show-cooking in style.

4 Action stations.
Unlimited customizations.
The largest collection
of modules in the industry.

Functional Modules

WITH WARMING, COOLING, COOKING AND MIXOLOGY MODULES AVAILABLE, THE DYNAMIC BUILT-IN MODULAR SYSTEM® GIVES LA TAVOLA'S BUFFET STATIONS TOTAL VERSATILITY

At the heart of the Modular Line is our Dynamic Built-In Modular System (DBMS), technology patented by La Tavola®.

The DBMS is a very clever yet simple mobile frame that allows you to incorporate any of La Tavola's functional modules for warming, cooling, cooking and ambient temperature display into any one of our tables.

This is how we have created a system that knows no boundaries.

EACH MODULES COMES WITH A DURABLE CUSTOM-MADE CASE FOR STORAGE AND TRANSPORTATION. WATERPROOF, EASY TO CLEAN, HYGIENIC.

MODULES COMES IN 3 SIZES (SMALL, MEDIUM AND LARGE)

EASY USAGE, TRANSPORTATION AND STORAGE

HPL Panels and Tops

LIGHTWEIGHT, DURABLE AND EASY TO CLEAN

The tiles are made of HPL, a high-performing material ideal for the intensive use which is typical in the foodservice industry.

HPL tops and sides are durable and lightweight.

They have a great look and feel, and with a variety of different finishes available, matching your interior décor is easy.

Custom Solutions

Rely on our team of experts to study, design and build your dining areas.

Our wide range of products and finishes allows you to create a setting that matches your interior design. If this is not the case, our team of technicians and designers offer you a customization service both in terms of finishes and product design in order to satisfy all your needs and business objectives.

FILL YOUR ROOM WITH THE SETUP IT DESERVES

Blueprint Studies & Setup

Through a careful study of your banqueting area’s layout, our in-house team of architects and designers will help you assess the choice and positioning of your F&B furniture and equipment.

OUR SERVICE IS INTENDED TO HELP YOU DEVELOP A FULLY FUNCTIONAL AND OPERATIONAL BANQUETING AREA WHERE ALL THE PRE-EXISTING FURNISHINGS BLEND IN WITH A SELECTION OF OUR PRODUCTS CAREFULLY CHOSEN TO MEET YOUR REQUIREMENTS.

WITNESS YOUR VISION COMING TO LIFE

Customized Products

LA TAVOLA'S CUSTOMIZATIONS KNOW NO LIMITS

The expertise of our team allows us to span across a variety of different solutions and materials. We can customize based on a specific brief, or proactively propose tailor made solutions based on moodboards and broad design directions.

Patents and Proprietary Designs

All product designs are registered by La Tavola.
Any reproduction or imitation is forbidden by law.

The following products are covered by international patents and copyrights: Dynamic Built-in Modular System®, Libro®, Foldable Front and Back Bar®, Icona®, Icona Secret®, Symphony Action Station®, Symphony Cart®, Symphony Front and Back Bar®, Amphora Cocktail and Buffet Table®, Seagull Front Bar®, Swift F&B Carts and Table®, Goose Heat Lamp®, Magic Chafer®, Multi-purpose Tops®, Cover Oven Dry Chafer®, Dry Warmer for Induction® and Dry Chafer for Induction®.

LA TAVOLA will not hesitate to take legal action against any infringement of patents or registered designs in order to fully protect its intellectual property.

The purchasing of imitation goods may also have legal implications. Design and technical information shown in this document is subject to copyright and may not be used by other parties without prior written approval from LA TAVOLA.

WARRANTIES

All LA TAVOLA products are guaranteed against any defect of manufacture or material. If, after the manufacturer’s inspection, they are found to be defective, they will be repaired or replaced free of charge.

Electrical items and induction-powered items have a 1-year warranty period. After 1-year, La Tavola will ensure limitless availability of spare parts needed as well as consulting and service for repairs.

The warranty does not include damages resulting from misuse, abuse, wear tear or incorrect maintenance.

CARE AND MAINTENANCE

(Sorted by product category/material)

Freestanding buffetware, Action Stations and banqueting furniture

- » Stainless steel parts: Wash the items with hot water and neutral detergents on a soft cloth (do not use detergent containing chlorine and/or alkaline cleaners). Dry the items thoroughly and store them in a dry place. Never use any type of scarper or steel wool which will scratch the surface of the items. The items must be washed as soon as possible after use to avoid any prolonged contact with food remnants. Do not wash in the dishwasher.
- » PETG elements (transparent covers): Wash the items with water and neutral detergents on a soft cloth (do not use detergent containing chlorine and/or alkaline cleaners). Never use any type of scarper or steel wool which will scratch the surface of the items. Do not wash in the dishwasher.
- » High Pressure Laminates (HPL): wash HPL items with water and neutral detergents on a soft cloth. Never use any type of scarper or steel wool which will scratch the surface of the items. Do not wash in the dishwasher.
- » Organic & Mineral Risers: Ecoresin, like all thermoplastic resin materials, should be cleaned periodically a regular, seasonal cleaning program will dramatically help prevent noticeable weathering and dirt build up. Rinse the sheets with lukewarm water (be careful not to expose edges of organic or fabric interlayers to water) remove dust and dirt from the risers with a soft cloth or sponge and a solution of mild soap and/or liquid detergent in water. Rinse thoroughly with lukewarm water. Never use scrapers or squeegees. Keep edges dry and free of liquids. Do not rub with a dry cloth. Because the materials used are organic in nature (i.e leaves, branchesand twigs) it is natural for them to alter slightly in appearance over time. Natural materials are also subject to inherent inconsistency in color, texture and shape. Slight delamination on saw cut edges is also to be expected.

Flatware

- » Stainless steel: Wash the items in hot water and neutral washing detergent after each use. Do not use detergents containing chlorine and/or alkali cleaners, then dry thoroughly the items and store them in a dry room. Never use any type of scraper or steel wool which will scratch the surface of the items. Any food remains should be thoroughly cleaned up. The items must be washed as soon as possible after use. When washing in a dishwasher of make sure that at the end of the cycle the items come out perfectly dry otherwise wipe them thoroughly by hand. The above recommendations are particularly meant for the care of the blades, which are made of Aisi 420 stainless steel. This type of stainless steel is the most suitable to ensure a long-lasting cutting edge to the blades, but it is less resistant to the corrosion than the 18-10 (Aisi 304) stainless steel type, which is used to manufacture the forks, the spoons and the handles of the hollow handle knives.
- » Silver-plated: The same maintenance instructions of the stainless-steel ware apply. The silver coating can oxidize due to the contact with certain types of food and in very humid climates. This process is not a defect and it is not a sign of damage, but it is a natural characteristic which only alters the color of the surface, initially to yellowish and eventually to brown. Oxidation can be quickly removed with a common silver polishing product, either in form of paste or of liquid solution. In the latter case, it must be taken the precaution of avoiding a prolonged contact of the solution with the stainless-steel blades as they could be affected by corrosion. The items must be removed from the dishwasher as soon as the cycle is completed and wiped dry with a soft cloth, even if they seem dry. The period pf time that the items are exposed to hot steam and the hydrochloric acidity created within the dishwasher, therefore items should be removed as soon as possible from the dishwasher after the end of the washing cycle.
- » PVD and Titanium Coated: In case of appearance of dark spots (caused by organic substances and/or calcium deposits due to an inadequate washing /drying cycle), remove them by simply wiping off the surfaces with a soft cloth soaked with lemon soap or vinegar. If the lemon soap or the vinegar are not sufficient to remove particularly resistant spots, then (and only in that case) use a soft cloth soaked with a liquid metal polisher. We recommend using "Sidel" by Henkel, but most probably any kind of liquid metal polisher is as good as "Sidel". Avoid polishing the surfaces with abrasive cloth or metal polishing paste. Never use scrubbing sponges. PVD coated flatware does not tarnish, and does not require any special maintenance otherwise. In order to delay as much as possible the incurrence of visible wear and tear, handle with as much care as possible during the washing cycle. Wash and store the knives separately from the forks and the spoon.

CERTIFICATION

La Tavola is proud to announce that have obtained the ISO 9001:2015 certification.

Our company has always adhered to these principles:

- » Making quality its priority
- » Exceed customer expectations
- » Creating and nurturing a team of excellent people
- » Considering customers as the company’s most important asset

In order to achieve these goals and aim for constant, long-term improvement, La Tavola has decided to challenge ourselves and embark on the path towards ISO 9001:2015 certification.

ISO 9001 certification is a worldwide standard that establishes the requirements for a solid Quality Management System. It details the specific processes, procedures and activities that organisations must create, implement, maintain and improve to successfully manage the manufacture of products or delivery of services.

ISO 9001:2015 specifies the requirements for a quality management system when an organisation:

Must demonstrate its ability to consistently provide products and services that satisfy customers and applicable regulatory and legal requirements,

Aims to improve customer satisfaction through effective implementation of the system, including system improvement processes and ensuring compliance with customer and applicable regulatory and legal requirements.

La Tavola has successfully demonstrated its eligibility for certification and is committed to continuous improvement of its products and services to achieve maximum customer satisfaction.
