The designer and master ceramist Stefanie Hering founded the company in 1999 to produce and distribute her designs without compromise in the highest quality craftsmanship. Since then, she has been responsible as owner and creative director for the signature objects in Hering Berlin's portfolio.

Die Designerin und Keramikmeisterin Stefanie Hering gründete das Unternehmen 1999, um ihre Entwürfe ohne Kompromisse in höchster handwerklicher Qualität herzustellen und zu vertreiben. Seitdem zeichnet sie als Eigentümerin und Kreativdirektorin für die unverkennbaren Objekte im Portfolio von Hering Berlin verantwortlich.

Porcelain Care

Pflege von Porzellan

Hering Berlin’s bisque porcelain is extremely durable and made from natural raw materials. For stubborn stains, soak in soapy water, then treat the area with the rough side of a standard PU scouring sponge (only on the bisque surface to avoid scratching the glaze).

Hering Berlins Biskuitporzellan ist widerstandsfähig und besteht aus natürlichen Rohstoffen. Bei hartnäckigen Verschmutzungen hilft das Einweichen in Seifenwasser, anschließend kann die Stelle mit der rauen Seite eines PUScheuerschwamms behandelt werden (nur auf Biskuit-Oberflächen, nicht auf Glasur).

Pots/Kannen

Specials/Spezial

Color Code

Choose from twelve different colors and two precious metals—gold and platinum—to give your porcelain a personalized touch. Integrate Spectrum into existing tableware or make it harmonize with your interiors for a truly bespoke experience. Similar to our precious metal collections, the full Spectrum line is hand-painted and then fired onto the porcelain for maximum adhesion and durability.

Wählen Sie aus zwölf verschiedenen Farben und zwei Edelmetallen – Gold und Platin –, um Ihrem Porzellan eine persönliche Note zu verleihen. Integrieren Sie Spectrum in bestehendes Geschirr oder fügen Sie es harmonisch in Ihre Einrichtung ein – für ein auf Sie zugeschnittenes Erlebnis. Ähnlich wie bei unseren Edelmetallkollektionen wird die gesamte Spectrum-Linie von Hand gemalt und anschließend eingebrannt, um maximale Haftung und Haltbarkeit auf dem Porzellan zu gewährleisten.

How it works

To purchase a product (1) with a specified color, you simply combine the color code (2) to the middle of the article number for e.g. 101_231_00 is the bread plate with the Spectrum line in purple (3).

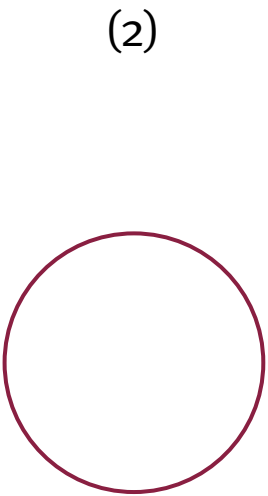

(!) Minimum order from 12 pcs per color.

Um einen Artikel (1) mit einer spezifischen Farbe zu bestellen, kombinieren Sie einfach die Artikelnummer mit dem Farbcode (2), z. B. 101_231_00 ist der Brotteller mit der Spectrumlinie in Purpur (3).

(!) Mindestbestellmenge ab 12 Stück pro Farbe.

Glassware Care

Pflege von Glaswaren

Hering Berlin glassware is dishwasher-safe. To preserve its natural shine and surface quality, we recommend a maximum washing temperature of 122 °F. We strongly advise against using abrasive cleaning agents, as they may dull the glass surface

Die Gläser von Hering Berlin sind spülmaschinengeeignet. Um den natürlichen Glanz und die Oberflächenqualität zu erhalten, empfehlen wir eine maximale Spültemperatur von 50 °C. Wir raten dringend davon ab, scheuernde Reinigungsmittel zu verwenden, da diese die Glasoberfläche mattieren können.
