JAMES

USFD80B-H

Power	Steam flow	Heating time	Tank capacity	Soleplate heating
1650W	32 g/min	15 sec	150 ml + 80 ml	

THE IDEAL SOLUTION FOR YOUR HOTEL ROOMS

The James steamer is the essential accessory to offer your guests an exceptional stay. It was entirely designed and created in France. Its XL heated soleplate with ceramic coating ensures greater efficiency and smoother gliding. Thanks to its ultra-compact size and detachable cord, it is easy to store.

POWERFULL
It propels steam at a rate of up to 32g/min, making it safe to use on all fabrics without the risk of burning or shining them.

COMPACT
Retractable handle and detachable cord for minimal bulk and maximum portability.

HYGIENIC
Naturally eliminates 99.99% of germs, viruses, and bacteria.
Non-chemical solution that kills moths and bedbugs thanks to the thermal shock of steam.
Eliminates up to 70% of odors.

DESIGN «LUXE SOFT TOUCH»
Enjoy the elegance of the JAMES steamer, featuring a 'haute couture' finish with chrome accents and a soft-touch coating.
